

## The Situation

Yo Gotti

We headin' into the start of 2012 in literally a couple days  
And I'm gettin' Tweets:  
"Your first major label debut  
Is droppin'  
In literally  
Two weeks."  
How'd this happen?  
If any nigga know me, like, I don't believe in excuses, I don't  
really believe in complaints  
I believe in you deal with shit how it come  
Good shit, bad shit, real life shit  
You know what I'm sayin'? Whether you facin' death, you facin'  
whatever  
This the life I come from  
So, in a situation like this where I still think it was kinda f  
ucked up  
It's still nothin', it's peanuts  
Towards, where, where Yo Gotti come from  
The shit Yo Gotti experienced  
In lifetime, you get what I'm sayin'? So, it is what it is  
If it's dropin' [?], we gon' do what we gon' do  
To, you know what I mean? Make it do what it do  
But at the same token, y'know what I mean, it's just  
Y'know, you, you on the battlefield  
With niggas with choppers with a, with a .38... y'know what I'm  
sayin'?  
But it is what it is
