

Muse In Motion

Yodelice

When she dances
A celestial sight
In the style of Bowie
Radiant and bright
The moves like poetry
A rhythmic spell
Of woman in motion
A story to tell

When she dances
When she dances
She dances, she dances
When she dances
When she dances
When she dances
(She dances, she dances, she dances, she dances)

When she dances
A ? form
A ballerina
Right in the storm
She shatters boundaries
Defies the norm
A woman in motion
A true rock and roll soul

When she dances
When she dances
She dances, she dances
When she dances
(She dances, she dances, she dances, she dances)

As we dance through the realms of the mind
Together we're bound in a poetic flight
Casting shadows onto light
Like a comet in flight
Like a work of art

(She dances, she dances, she dances, she dances)
Amused emotion
A caustic danger
She dances, she dances, she dances
When she dances
When she dances
When she dances
