

Hurts Me

Yoke Lore

Uh

Do you not realize that it hurts me?
When I see you go out, uh
'Cause you have the time of your life
Only when I'm not around
You know, you really don't deserve me
Looking for you in the crowd
To see you dancing again
Out of mind, out of sight

But where you goin' home tonight?
Ooh, yeah
Where you goin' home tonight?
Night, night
But where you goin' home tonight?
Ooh, yeah
Where you goin' home tonight?
Night, night

Do you not realize that it hurts me?
Just to see you have fun, uh
With those other guys 'cause I feel like I'm your only one
And everybody in the party lookin' for you when it's done
'Cause you got the glow, the shine and when they come 'round yo
ur arm

But where you goin' home tonight?
Ooh, yeah
Where you goin' home tonight?
Night, night
But where you goin' home tonight?
Ooh, yeah
Where you goin' home tonight?
Night, night
