Yola

I believe in you
We could see a way to being good
When you're all bare and rough
Those angels swirl
And you can't always see
Where you're goin'

So I believe in you
I believe in you
I believe in you

It's a little home down here
I be no use to you
If your just fallin' through my fingers
I just couldn't hold ya
Yeah I'll scoop up what I can
But you know it won't be good enough
Sometimes we all need someone
To truly believe in us

So I believe in you
I believe in you
I believe in you

I wait
Oh man
Oh yeah
Oh man
Oh yeah
Oh yeah

I'll be searchin' for a family
Flea the dawn
Find my home
The walls I love they
They left me homeless
Flea the dawn
Find my home

Had to flea the dawn
Had to find my home
Yes I did now
Flea the dawn
Flea the dawn
Find my home
Find my home
Oh yeah
Oh yeah
Oh lord
Oh lord
Flea the dawn
Find my home

I got to flea that dawn
Had to find my home
Had to flea that dawn
Had to find my home
