

## It Ain't Easier

Yola

Like a puppet on a string  
I've been hanging around waiting  
Looks like you're gonna come  
Let's make us a home from cedar clad and oak  
With our bare hands  
Singing harmony in the morning  
Curling up warm at night  
Could life be that kind?  
I'm afraid to feel that ride 'cause I know

It ain't easier, it ain't easier  
Still everyone's falling in love  
Everyone's falling in love  
But it ain't easier  
Mm-mm, mm, it ain't easier, child

When you've found someone to love  
And you think that's enough  
That your work is done  
You relax just too much  
Let a beautiful thing turn to rust  
No time for singing in the mornin'  
Too late home to hold at night  
Could we be all that blind?  
To let it slip away with time 'cause I know

It ain't easier, it ain't easier  
Still everyone's falling in love  
Everyone's falling in love  
But it ain't easier  
Mm-mm, mm, it ain't easier, child

I work every day  
Thinkin' of the ways to make you smile  
All you gotta do is try

It ain't easier, oh, it ain't easier, oh  
Still everyone's falling in love  
Everyone's falling in love  
It ain't  
Mm-mm, mm, it ain't easier, oh child  
It ain't easier, it ain't easier
