

# Temporary

Yola

You're exactly the kind of guy  
That I always want to try  
But the love that you provide  
Your love is temporary, temporary  
And the story that you preach  
Says it all it's the love that you believe  
But you're desperate not to feel  
So your love is temporary, temporary

Good guys hurt you like bad guys do  
Nothing can protect you  
Sometimes I neglect you  
Believe what I'm seeing  
Feel what I'm feeling  
Ever since I met you, easy to forget you are!  
(Temporary, temporary, temporary)  
Easy to forget you are!  
(Temporary, temporary, temporary)

Hey player it must be nice  
To have eyes that hypnotize  
You're too beautiful to disguise  
It's a shame it's all  
Temporary, temporary  
Oh the days are drawing near  
When games won't be cute, my dear  
When your words ring insincere  
Your charms are  
Temporary, temporary

Good guys hurt you like bad guys do  
Nothing can protect you  
Sometimes I neglect you  
Believe what I'm seeing  
Feel what I'm feeling  
Ever since I met you, easy to forget you are  
(Temporary, temporary, temporary)  
Easy to forget you are  
(Temporary, temporary, temporary)

Ooh don't get too comfortable no  
Ain't nothing personal  
But I know, this ain't real!  
It ain't real  
Hey, oooh, ooh yeah

Good guys hurt you like bad guys do  
Nothing can protect you  
Sometimes I neglect you  
Believe what I'm seeing  
Feel what I'm feeling  
Ever since I met you, easy to forget you are!  
(Temporary, temporary, temporary)  
Easy to forget you are  
(Temporary, temporary, temporary)

I hope you know I'm

(Giving it up)  
I hope you know I'm  
(Giving it up)  
I hope you know  
(Giving it up)  
I hope you know  
(Giving it up)  
I hope you know  
(Giving it up)  
I hope you know  
(Giving it up)  
I hope you know  
(Giving it up)  
I hope you know  
(Giving it up)
