

At The Beach

YONAKA

I want it all or give me nothing
Don't wanna talk, let's get to fucking
I'll never know if I don't jump in

But it feels I'm the only one
Dancing through the storm
Facing it head on

So why you gotta take it so seriously?
Crying over problems that you cannot see
If anybody needs me I'll be at the beach
I'll be at the beach

Don't fail me now
My darkest hour
Won't break me down
Yeah, yeah
Yeah, yeah

It's physical, can't shake the feeling
Covered the scars but I'm still healing
Now you're in love and I'm the reason

I'm afraid that if I stay too long
The memories of who I was before
Will come back around knocking at my door
Wanting full control
Yeah, yeah

So why you gotta take it so seriously?
Crying over problems that you cannot see
If anybody needs me I'll be at the beach
I'll be at the beach

Don't fail me now
My darkest hour
Won't break me down
Yeah, yeah
Yeah, yeah

But it feels I'm the only one
Dancing through the storm
Facing it head on

Don't fail me now
My darkest hour
Won't break me down
Yeah, yeah
Yeah, yeah

Don't fail me now
My darkest hour
Won't break me down
