

Bite The Bullet

YONAKA

My style ain't typical
Head first, gotta bite the bullet
There really ain't no other way to do it
Here we go, here we go, here we go baby

I see it in your eyes
I know you wanna slice
It's easy you just take it
But make sure you don't take mine

It's bad to the bone
And cold to the touch
And sitting in your pocket
It might be a bit too much

The pressure is applied
You crumble or you fly
Nothing in this life is free
So pay or get in line

Let's finish what we started
And go out with a bang
You thought you had it in the bag
But you keep firing blanks

My style ain't typical
Head first, gotta bite the bullet
There really ain't no other way to do it
Here we go, here we go, here we go baby
That dog's got an appetite
On guard when the bullet bites
It's the only way to do it right
Here we go, here we go, here we go baby

I've always had the vision
You just didn't listen
I'm gonna do it how I like and don't need your permission

Now things are moving fast
Please try not to get mad
I couldn't take you with me
'Cause your ass is such a drag

My style ain't typical
Head first, gotta bite the bullet
There really ain't no other way to do it
Here we go, here we go, here we go baby
That dog's got an appetite
On guard when the bullet bites
It's the only way to do it right
Here we go, here we go, here we go baby

Vengeance have you met her?
I thought that you knew better
To bite the hand that feeds
Now you're in debt to me

My style ain't typical
Head first, gotta bite the bullet
There really ain't no other way to do it
Here we go, here we go, here we go baby
That dog's got an appetite
On guard when the bullet bites
It's the only way to do it right
Here we go, here we go, here we go baby
