

# Get Out

YONAKA

Everybody thinks that's we're insane  
Just because we do not think the same  
They wanna see us go our separate ways, no way  
I am happy just to hear you breath  
The only medicine I'll ever need  
And you don't pour out fucking sympathy, no fakery

All I wanna do is get out  
I wanna do is get out  
All I wanna do is get out of here  
All I wanna do is get out, get out of here, ohhhh get out

You're so evil yet so beautiful  
You pick me up so you can watch me fall  
But you're the only one to make me feel anything at all

Coz you, you make my heart beat faster  
Till I cannot breathe, think I need a doctor  
We're alive in here but will we survive out there, out there

All I wanna do is get out  
I wanna do is get out  
All I wanna do is get out of here  
All I wanna do is get out, get out of here, ohhhh get out

Ohhhh get out  
Ohhhh get out  
Ohhhh get out

Ohhhh get out  
Ohhhh get out  
Ohhhh get out

Coz you, you make my heart beat faster  
Till I cannot breathe, think I need a doctor  
We're alive in here but will we survive out there, out there

All I wanna do is get out  
I wanna do is get out  
All I wanna do is get out of here  
All I wanna do is get out  
I wanna do is get out  
All I wanna do is get out of here  
All I wanna do is get out  
I wanna do is get out  
All I wanna do is get out
