

PANIC

YONAKA

I'm sorry if I caused alarm and made you p-p-p-panic
But see these voices in my head they drive me m-m-m-maniac
I tripped up, slipped up did a bad thing
I can't get no peace cause my mind r-r-r-rings
I have always been attracted to the danger
I cleaned up a little yeah but it was never a stranger
All day all night never switch off
Grave shift worker now I'm my own boss

Aghhhhhhhhhh
It was never it was never enough
My night paralysis screams
But nobody wakes up
I ask politely can I leave
But there's a hole in my boat
Oh I'm sinking, oh I'm sinking, oh I'm sinking

P-A-N-I-C
Your empty death threats
Ain't got nothing on me
I take it to the grave
When I R-I-P
When I'm gone
(You good for nothing son of a gun il take you down)
Know your enemy
When drowning your soul
Cause the drinks are free
And the powders cut up
Blow it all on me
C'-c'mon
(You good for nothing son of a gun il take you down)

You won't like me when you see me losing c-c-control
I flipped a switch the day my Personality, it got stolen
Ripped off pissed off understatement
And I been livin' with this bitch my new replacement
Over and over and over again
I tell her the rules but she always breaks them
Leaves me in a frenzy
Leaves me to clean up
It's sticky so sticky so sticky I'm stuck

P-A-N-I-C
Your empty death threats
Ain't got nothing on me
I take it to the grave
When I R-I-P
When I'm gone
(You good for nothing son of a gun I'll take you down)
Know your enemy
When drowning your soul
Cause the drinks are free
And the powders cut up
Blow it all on me
C'-c'mon
(You good for nothing son of a gun I'll take you down)

Oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh

P-A-N-I-C

Your empty death threats

Ain't got nothing on me

I take it to the grave

When I R-I-P

When I'm gone

(You good for nothing son of a gun I'll take you down)

Know your enemy

When drowning your soul

Cause the drinks are free

And the powders cut up

Blow it all on me

C'-c'mon

(You good for nothing son of a gun I'll take you down)
