

# PREDATOR

YONAKA

Listen up, now I'm a leader  
You don't wanna dare bite the hands that feeds ya  
I ain't never been scared of the wrath of my demons  
I'm a monster and I'll have you bitches screaming

Hands off, I am designer  
Built from the ground and my house it gets higher  
Open up the door, everything I desire  
Back down now I'm here to take what's mine yah

1 2 3 4  
Trouble's knocking at your door  
5 6 7 8  
Hold up, let me demonstrate

I'm wired  
I'm hot  
Once started  
Can't stop  
I come out  
On top  
I'm the predator

I'm the predator  
I'm the predator  
I'm the-, I'm the predator

I'm the predator  
I'm the predator  
I'm the-, I'm the predator

I come fresh with an army  
Heard you got the gasoline, pour a little on me  
I spit fire, I ain't never been sorry  
Belly of the beast, this is my damn story

I always win, hands down  
Heavy is the head that wears the crown  
Handed on a plate but I love the chase  
RIP to the one that gets brave
