The Cure

YONAKA

I could never get bored of looking at your face
(Oh yeah, oh yeah)
You're like a video game that I would always play
(Oh yeah, oh yeah)
And I would die a million times to start again
(Oh yeah, oh yeah)
'Cause God forbid that this game should ever see an end, oh

I can't control all that I do
Been taken over by someone new
I look to you, this war I'm fighting
Don't let me lose it

Help me find the cure
I'm searching for the cure
Help me find, help me find the cure

I'm the leader of my demons in my head today
(Oh yeah, oh yeah)
At night, I drink until I feel them slowly float away
(Oh yeah, oh yeah)
He takes my hand and strokes my head, says it's okay
(Oh yeah, oh yeah)
Now I'm not scared no more, 'cause now I finally feel safe

I can't control all that I do
Been taken over by someone new
I look to you, this war I'm fighting
Don't let me lose it

Help me find the cure
I'm searching for the cure
Help me find, help me find the cure

For a moment there, I forgot my name
Didn't know where I was, didn't know what to say
So I start to freeze, standing in the street
No one noticed me, no one noticed me
So I pray to God for it all to stop
And I'm on my knees, won't you answer please?
Tell me what's the score, what am I here for?
Help me find the cure, help me find the cure

Help me find the cure (I can't control)
I'm searching for the cure (Been taken over)
Help me find, help me find the cure (I can't control)
I'm searching for the cure (Been taken over)
Help me find, help me find the cure
