

## Groundhog Day

YONAS

Every single day nothing change  
I hit my alarm now I'm awake  
Something's strange around town every time I look around, every  
single thing is the same, it's Groundhog Day  
Nothing's changed  
I hit my alarm now I'm awake  
Something's strange around town every time I look around, every  
single thing is the same, it's Groundhog Day

Wake up then I light up  
Man they call that wake and bake  
Tell Alexa throw some music on  
That yeezy 808's  
Wifey sleeping on the money  
She can never stay awake  
Cash stuck all on her booty  
I call that cake on cake. Woah!  
Every day's the same man I think I need a break  
Cereal for dinner, breakfast is a caesar with some steak  
I remember when I couldn't afford pizza on a plate  
Now before you reach the crib you gotta meet me at the gate  
Hit the sink, bow down, throw some water on my face  
Something strange. Truman show, they recording in my place  
Half the time don't even notice I'm too caught up in the race  
I'll keep it safe as long as they don't record my daughter or m  
y safe  
Stay on pace. Feel like everyday I'm walking leave a trace  
But they're telling me today is different don't believe a snake  
And the bass. In my trunk sound like gorillas in a cage  
I'm going ape. And you just better hope them n\*ggas don't escap  
e. Now keep up!

Every single day nothing change  
I hit my alarm now I'm awake  
Something's strange around town every time I look around, every  
single thing is the same, it's Groundhog Day  
Nothing's changed  
I hit my alarm now I'm awake  
Something's strange around town every time I look around, every  
single thing is the same, it's Groundhog Day
