

# Headed Home

YONAS

I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home  
I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home

My mind, Machiavellian  
Bad guys, back to kill again  
Who's dead? Mass civillians  
Israelies, Palestinians  
Was thousands, Now millions  
Empty gap but I'm 'bout to fill 'em in  
Here from the hood, it's acting up  
Well government says put 'em back on Rinalin  
Hip Hop, back to skill again  
Number one reason I am filling in  
Ain't nothing to compare me to in the game  
Like my name's allergic to synonyms  
Just fill 'em with the river make 'em riverdance  
Yep, yep cause my flo's so water  
And I'm heading home  
So you know that I've got this locked when I cross that border

Just fill 'em with the river make 'em riverdance  
Yep, yep cause my flo's so water  
And I'm heading home  
So you know that I've got this locked when I cross that border

I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home  
I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home

Yo, yo...  
The problem's back, well I'm back to solve  
I left for a minute but I'm back, evolved  
Put your worries in my music, lay back and let it all dissolve  
Hand to the heart then I kiss the sky  
Let that pressure crystalise  
Cause how a man shoots up an elementary school in the middle of the day leav  
es me mystified  
Uh, yeah, I got the list revised  
Of things in the world I wanna live to see, survive  
And I've packed my bags, so I'm ready for the road  
Most people never live to see the ride

So I hit 'em with the river, make 'em river dance  
Yep, yep cause my flo's so water  
And I'm heading home  
So you know that I've got this locked when I cross that border  
Just hit 'em with the river, make 'em river dance  
Yep, yep cause my flo's so water  
And I'm heading home  
So you know that I've got this locked when I cross that border

I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home  
I know that I've been gone and travelling for long  
But I feel the world calling so I'm 'bout to bring it home  
Come home, come home
