

# Leaving You

YONAS

She's got everything that  
She could ever need  
Champagne sipping  
Lifestyle's a fantasy  
High off money and love  
It just don't mean a thing  
That's why I'm leaving  
That's why I'm leaving you

Yo, now everybody knows  
This girl is famous for her stunts  
She never waits in line at the club  
Cause she always gets the jump  
Instead of having a soul  
She relies on the soul inside her palms  
Party all night, fall asleep, at breakfast wasted,  
Just to wake up way past lunch  
I hate what she does  
But I love how she does it  
Keep her around like a bad piece of a luggage,  
When I say bad piece of luggage  
I mean pretty piece of luggage  
But it's pretty till you gottta lug it  
Yeah, with the wrong girl, at the right time  
I'm just gonna let the light shine  
Cause yeah she's fine like Blake Lively  
But I could never make her wifey, nah

She's got everything that  
She could ever need  
Champagne sipping  
Lifestyle's a fantasy  
High off money and love  
It just don't mean a thing  
That's why I'm leaving  
That's why I'm leaving you

Now every man hopes to find the one chick that he loves  
And the problem with me is I used to try find that chick at the club  
And I never call a woman no bitch  
But the situation is  
That after a couple of shots I tend to speak in expletives  
I'm guilty living my life  
Loving all the wrong places  
And I'm guilty at giving my heart to the girls that only have the right face  
s  
And the right hips, the right waist, and the right bag, with the right brace  
let  
And yeah she's fine like Blake Lively  
But I could never make her wifey, nah

She's got everything that  
She could ever need  
Champagne sipping  
Lifestyle's a fantasy  
High off money and love  
It just don't mean a thing

That's why I'm leaving  
That's why I'm leaving you
