

OMG

YONAS

Wow

Shawty drop it like she spilled some
Started from the bottom now we build some
I'm so high can feel none
Girls wanna cuff me like I kill some
Dripping like I'm swimming Ferragamo
Miami pull side at the Delano
Lowkey I'm Tony from the Sopranos
I think she's getting love but what do I know

She said her favourite number is a 6
I said my favourite number is a 9
We should be together
You should take it as a sign
She said oh my god, my god
Oh my god my god
Oh my god my god
Oh my god my god

I don't know you but you probably know me
The number one rule baby keep it lowkey
Learned that back when I was pushing OZ's
That was way back, way back in '03
Now I'm on some popstar shit OD

Give nigga's chills like the carter coreys
Keep blessing me without no snees
Think I am in love, OMG

She said her favourite number is a 6
I said my favourite number is a 9
We should be together
You should take it as a sign
She said oh my god, my god
Oh my god my god
Oh my god my god
Oh my god my god

What's my name you know me
I'm blowing up girl it ain't lowkey
You can row, row with me
She turned around and said OMG
What's my name you know me
I'm blowing up girl it ain't lowkey
You can row, row with me
She turned around and said OMG

She said oh my god, my god
Oh my god my god
Oh my god my god
Oh my god my god
