

## Summertime Luv

YONAS

As still as the world all goes  
As still as your heart is beating  
I just wanna know  
What you're feeling right now  
Cause I can see in you  
What you see in me  
And I don't need the season to change at all  
There's something in the air  
I feel it everywhere  
And I don't want to leave this moment behind  
There's something in the air  
I feel it everywhere  
And I don't want to leave this moment behind

So take my hand  
And I'll show you the way to my world  
Summer love I ain't even gotta know your name  
I know you feel the same  
So take my hand  
And I'll show you the way to my world  
Summer love I ain't even gotta know your name  
I know you feel the same  
Summertime love

As still as the world all goes  
As still as your heart is beating  
I just wanna know  
What you're feeling right now

I know you feel the same  
So take my hand  
And I'll show you the way to my world  
Summer love I ain't even gotta know your name  
I know you feel the same  
Summertime love

I know what you're thinking girl, we just met  
Funny how you can take my breath away  
I always want more, never want less  
Let me explain how I feel  
I get it girl we just met  
Funny how you can take my breath away  
And I don't want this to end tonight

So take my hand

And I'll show you the way to my world  
Summer love I ain't even gotta know your name  
I know you feel the same  
So take my hand  
And I'll show you the way to my world  
Summer love I ain't even gotta know your name  
I know you feel the same  
Summertime love
