

Beside Myself

Yonder Mountain String Band

[Chorus]

Has the world stopped turning 'round?
Friend, it feels upside down
Right became wrong and all the new songs
Went up on a shelf
Now I'm breaking my back for the man
Just doing what I can
Until I'm free
It's so hard to see me beside myself

[Verse 1]

I thought life was hard enough
Chasing after my muse
Now it's all back to square one
Son of a gun, I've no mind to lose

[Chorus]

Since the world stopped turning 'round
Friend, it feels upside down
Right became wrong and all the new songs
Went up on a shelf
Now I'm breaking my back for the man
Just doing what I can
Until I'm free
It's so hard to see me beside myself

[Verse 2]

I thought life was strange enough
Trippin' 'round the sun
Now it's all come unraveled
I didn't travel this far to be done

[Chorus]

Has the world stopped turning 'round?
Friend, it feels upside down
Right became wrong and all the new songs

Went up on a shelf
Now I'm breaking my back for the man
Just doing what I can
Until I'm free
It's so hard to see me beside myself

[Verse 3]

Nights could not last long enough
We thought they'd never end
Lights could not shine bright enough
We'll light them up again

[Chorus]

Has the world stopped turning 'round?
Friend, it feels upside down
Right became wrong and all the new songs
Went up on a shelf
Now I'm breaking my back for the man
Just doing what I can
Until I'm free
It's so hard to see me beside myself

[Chorus]

Has the world stopped turning 'round?
Friend, it feels upside down
Right became wrong and all the new songs
Went up on a shelf
Now I'm breaking my back for the man
Just doing what I can
Until I'm free
It's so hard to see me beside myself
I'm just beside myself
Oh, I'm beside myself
