

# Trash Talkin'

YonKaGor

I heard the news  
It's all so crazy  
The one who lied  
Behind their snout

Sarcastic sneaky  
Sounds so shady  
Even the silent mumbles  
It all travels by word of mouth

Don't make mistakes  
(It's all first takes)  
We're all so fake  
(All so fake)

So jump inside  
Let's ride  
Cry a guilty snide

Around the flashy  
Classy folks'  
Walkie talkie

Tacky  
Trashy talk  
Trash talkin'

How many of you took the bait?  
How many of you can relate?

Cause while it's trending  
Ending  
We're all pretending

Sending  
Pending  
It's condescending

Are we playing fair?  
Oh well, nobody cares

Nobody

After a while  
They turn to noises  
A scratchy hum  
In the back of your head

Cause they arrive  
Those virgin voices  
We're all so simple minded  
We all forget once the past's long dead

All those mistakes  
(The ones you made)  
Keep me awake  
(Me awake)

So jump inside  
Let's ride  
Cry a guilty snide

Around the flashy  
Classy folks'  
Walkie talkie

Tacky  
Trashy talk  
Trash talkin'

How many of you took the bait?  
How many of you can relate?

Cause while it's trending  
Ending  
We're all pretending

Sending  
Pending  
It's condescending

Are we playing fair?  
Well, nobody cares

You put me in the spotlight  
Just to hurt me out of spite  
But they all can forget that night  
And pretend like you're alright

Now I'm here tearing apart  
Corrupted pieces in this heart  
Is there someone else?  
Another one else?

All to end in no success

Around the flashy  
Classy folks'  
Walkie talkie

Catchy  
Trashy talk  
Trash talkin'

How many of you took the bait?  
How many of you can relate?

Cause while it's trending  
Ending  
We're all pretending

Sending  
Pending  
It's condescending

Can you find someone who cares?

Around the flashy  
Classy folks'  
Walkie talkie

Tacky  
Trashy talk  
Trash talkin'

How many of you took the bait?  
How many of you can relate?

Cause while it's trending  
Ending  
We're all pretending

Sending  
Pending  
It's condescending

Are we playing fair?  
Oh well, nobody cares
