Stars in the sky
This night doesn't feel strange
The place we came together
The place I was with you

Do you remember?
On days the wind blows like this
I remember the street we walked on

You are my star
You confessed to me
You came to me, wherever I was
I long for those days

Like a dream
Memories with you have passed
Just with those, I spent long nights
I didn't know back then, your heart

Do you remember?
Our precious first encounter
Your shy smile

You are my star
You confessed to me
You came to me, wherever I was
I long for those days

Like a dream
Memories with you have passed
Just with those, I spent long nights
I didn't know back then, it was love

Under the moonlight, with you
Standing at the end of a season
I'm reminiscing again
You, back then

I was so thankful for you
I hope you can smile when you think of me too
