

[?] in the dirt
When I'm with you, I just feel so cursed
Flexing so long, now my wrist really hurts
Put that money first and the shit gets worse, yeah

Your french hello-lo-lo (Your french hello)
They just all want blow, blow, blow

Now I'm feeling empty
I'll fuck you if you let me
Now I'm feeling empty
I need somebody who gon' get me
Now I'm feeling empty
I got things to envy
Gucci, Prada, Fendi, but that ain't the real me
Now I'm feeling empty
I need somebody who gon' get me

[?] life going in reverse
Ego tripping till my conscience burst
Treating me in ways that I didn't deserve
[?] double probably never gon' learn
I never learn, learn, learn
I never learn, learn, learn
Watch me go, go, go
Lavender lambo-o-o

Now I'm feeling empty
I'll fuck you if you let me
Now I'm feeling empty
I need somebody who gon' get me
Now I'm feeling empty
I got things to envy
Gucci, Prada, Fendi, but that ain't the real me
Now I'm feeling empty
I need somebody who gon' get me

Yoshi, Yoshi
(My best friends say)
Yoshi, Yoshi
(Yo yo, all the voices in my head say)

Now I'm feeling empty
I'll fuck you if you let me
Now I'm feeling empty
I need somebody who gon' get me
Now I'm feeling empty
I got things to envy
Gucci, Prada, Fendi, but that ain't the real me
Now I'm feeling empty
I need somebody who gon' get me

I need somebody who gon' get me
Fill me up 'cause I been feeling empty
Looking for somebody who gon' get me
And never gon' forget me
