

Falling Apart

Yoshi Flower

Hey baby why you fall hard
I know you know that's not smart
Hate when I'm trying too hard
Those bitches pick me apart
You know that I was the one
How come you fucked it all up?
I gave you all that you want
How come it's never enough

Oh
Watch me as I'm falling apart
Slow
Why you gotta stand there?
At least you could dance
Oh
Watch me as your breaking my heart
Oh
Put me back together
Now here's your chance

We started out having fun
I think we took it too far
Now there's a pool full of sharks
From crying tears in the dark
You really thought you were fire
Turns out you're only just sparks
I see you trying to fly
But you never learned how to walk

Oh
Watch me as I'm falling apart
Slow
Why you gotta stand there?
At least you could dance
Oh
Watch me as your breaking my heart
Oh
Put me back together
Now here's your chance
