

validation

Yoshi Flower

You're so beautiful to me
Can't you see?
You're so beautiful to me
Honestly

Yeah, I just spent a ticket on these new dress clothes
You're not impressed though
I shoulda give it something where the rivers don't flow
And the wells all closed
But I gotta find a way to not kill myself when I'm so stressed out
Just searching for some validation
But you don't need no validation, baby, 'cause

You're so beautiful to me
Can't you see?
You're so beautiful to me
Honestly

I would give it all just to hold you close
It's not enough though
Dancing with the devil just to have a good time
Till he took my soul
On and on and on, like the waves, I crash
Like the earth, I roll
Still searching for some validation
But you don't need no validation, baby, 'cause

You're so beautiful to me
Can't you see?
You're so beautiful to me
Honestly
(Ah)

You don't need no validation
You're so beautiful don't have to change none
Baby, you don't need no validation
Comparison got me chasing pavement
No no, you don't need no validation
Feel like I could die but I don't say none
Baby, you don't need no validation
American raver, I'm escapin', I'm just escapin'
