

## It's Easy

Yot Club

You drove through the night  
No doubts or faith  
But now I take my time  
'Cause it's there to waste  
But it's hard to feel like it's okay all the time  
So far, I really can't tell

But sometimes it's easy  
And I can't pass every day  
That land of Phoenix  
Early morning fiending  
I could count the reasons on a single finger  
But it's all I'm needing, I just want to see it  
Like a train wreck, keeping me awake from workin'

It's hard to feel like it's okay all the time  
So far, I really can't tell

But sometimes it's easy  
I can't pass every day  
Yeah, there's times when it's easy  
But I can't pass every day
