

# Heavy Soul

You Me at Six

It's been a long time coming  
This breakdown in our sights  
And I just keep on running  
Back for the same fight  
I'll look at you  
Not a single word comes to mind  
I'll think of you  
Maybe in another life

You, if you could I know you would  
Choose letting go of something good

I've got a feeling  
I've got a feeling  
Nobody knows that you've got a heavy soul  
I've got a feeling  
I've got a feeling  
Nobody knows that you've got a heavy soul

Looks a lot like heartache  
The kind that mine can take  
Oh, I just keep on running  
Back for yesterday  
I feel removed  
When I'm in full bloom  
Can I count on you  
Can you, can you too

You, if you could I know you would  
Choose letting go of something good

I've got a feeling  
I've got a feeling  
Nobody knows that you've got a heavy soul  
I've got a feeling  
I've got a feeling  
Nobody knows that you've got a heavy soul

A heavy soul  
I can see it  
Can see what you think of us  
It's a lovely old face  
In a time, any place  
And what are you waiting  
What are you waiting  
What are you waiting for  
I don't think that you know  
Any more than I know  
(Any more, any more)  
Oh, what are you waiting  
What are you waiting  
What are you waiting for  
I don't think that you know  
(Any more, any more)  
Any more than I know

You, and if you could I know you would

I've got a feeling  
I've got a feeling  
I've got a feeling  
That you've got a heavy soul  
I've got a feeling  
I've got a feeling  
I've got a feeling  
That you've got a heavy soul
