

Second Guess

You+Me

Ain't got no reason but I've got rhymes
I've spent too much of what I've earned just trying to feel alive
I wish I could rewrite the stories of the past
But you can't go back and change what's done and start over where you began

I don't know where to go from here now
Something still lingers though, it's weighing me down
I know the sun will shine again
Back and forth it seems we'll remain until the end

One step too many, time after time
Fucking up 'round every turn, sick of how I'm feeling inside

I don't know where to go from here now
Something still lingers though, it's weighing me down
I know the sun will shine again
Back and forth it seems we'll remain until the end

Back and forth until the end
Why must everything be a second guess?
Back and forth until the end
Why must everything be a second guess?

I don't know where to go from here now
Something still lingers though, it's weighing me down
I know the sun will shine again
Back and forth it seems we'll remain until the end
