

U Up?

Young Bombs

Heart pumpin' with young blood
Tell me when it's time to push the button Let's switch up the tempo
Tell me how to get you out the friend zone
And I don't wanna play no games, I'm on that raw emotion
I'm fallin' in your ocean
You make me feel some type of way I hope your heart still open
Baby I just gotta know

It's 2 am you up
Just had to call you up
Maybe we should link up
You know I'm down if you're down
Don't have to call it love
But it's more than sexual
It's 2 am you up
You know I'm down if you're down

Heart pumpin' with young blood
Tell me when it's time to push the button Let's switch up the tempo
Tell me how to get you out the friend zone
And I don't wanna play no games, I'm on that raw emotion
I'm fallin' in your ocean
You make me feel some type of way I hope your heart still open
Baby I just gotta know

It's 2 am you up
You know I'm down if you're down

You know I'm down if you're down

You know I'm down if you're down
