Let's do it
Sometimes nigga gotta have a different approach to shit
You know what I mean
Let me do it this way you dig?
Real street nigga though
Really scrapped in this motherfucking booth
All at the same goddamn time

Every nigga is different
So niggas gon' have their differences
Trappin', I ain't really thinkin' 'bout who two cents this is
What's happenin' 50? let me start this off with some business shit
Bring me a bottle to put my right hand on, before I finish this
(Oh God!)

There'll be no rewards and no incentives (Oh God!)

I'd rather let the good Lord say who the victim is (God!)

I'm right here where the tranches is (eyy)

My nigga cam just lost his daughter in a house fire (SHIT)

He fightin fed charge, I'm tryin' to put something on the wire

I shot up the red charger hit everything but the tires

I handle my bread smarter, that's what got me in this position (yah)

Cause I been payin' all my bills but just won't pay attention

(Oh yeah boi)

Ayo where my check at?

A minor set back now I come to collect that

(Yeah) Ashes on ya

Before gasin' on ya

And I'm flashin' on ya

Dumpin' ashes on ya

Now the question is

Ayo where my check at?

A minor set back now I come to collect that

(Yeah) Ashes on ya

Before gasin' on ya

And I'm flashin' on ya

Dumpin' ashes on ya

Now the question is

Why try to sign me and sabotage me, (Why?)

Break me and [?] me

See me and try to dodge me

Checks gettin' so high they can't even garage me

I bring the nigga beneath me and sit him beside me

Thought you was my brother nigga told you to guide me

Put this knife inside the stomach nigga told you to hide me

Ay Dre you don't owe me nothing nigga I do this proudly

I only drove the BMW since Pac died

Sold my suburban soon as Biggie took his last ride

I feel like the new money nigga that's gettin' his bag right

I guess the moral of the story is you know what you took Fif'

This the hand that you open up the books with

(Oh yeah boi)

Ayo where my check at?

A minor set back now I come to collect that

(Yeah) Ashes on ya

Before gasin' on ya
And I'm flashin' on ya
Dumpin' ashes on ya
Now the question is
Ayo where my check at?
A minor set back now I come to collect that
(Yeah) Ashes on ya
Before gasin' on ya
And I'm flashin' on ya
Dumpin' ashes on ya
Now the question is

Try to silence me and imbalance me
Scared to battle me won't challenge me
Trynna frame me and I blame me
I put myself in that position I'm not angry
I'm just too smart to let you local niggas hang me
I'm just too hard to let these south niggas change me
I'm newest dog but you niggas just gonna run again
This that part where I wish Banks was comin' in

(Oh yeah boi)
Ayo where my check at?
A minor set back now I come to collect that
(Yeah) Ashes on ya
Before gasin' on ya
And I'm flashin' on ya
Dumpin' ashes on ya
Now the question is
Ayo where my check at?
A minor set back now I come to collect that
(Yeah) Ashes on ya
Before gasin' on ya
And I'm flashin' on ya
Dumpin' ashes on ya
Now the question is

Really ain't got too much to say I'm just the most consistent nigga in this
rap shit
