Came Back

Young Buck

Fuck what I've been,
I'm doing it, no one do it better though,
I never thought in my past I had to let it go.
From my arrest rate up to my,..
Let's say, my debts pay!
Now it's one stage, one mic,
But the money is still green and the... white.
Check me, mother fuckers how I take flight!
Never see enough money, can't make right!
No manager of the manager,
My own man, call it my...
The damage is gone, this shit crazy.
Soon they cut the cameras on.
This shit amazing, we rappers get exterminated and gone,
We get to lie, talking about the... that they buy,
And the jets that they fly.
He never had a dime like me,
Cause inside is who you need to be,
Cause the outside ain't you,
A part of...
Cause this is who I...
Not just who I was.
Who I am, who I'm gone, be just one...
Ten niggers, one,.. but we are in.
If we all fighting then we all get him on his feet.
No rules!
No niggers have no clues!
... act like I don't know you!
Baby momma bullshit is what you go through,
But she ain't a porno star doing shit in the whole.

... killing me since,
Way, came back,
And have been killing me since!
Way, came back,
And have been killing me since!
You niggers ain't shit, I've been killing... since. [x2]

Yeah, with no tears drops either
Fuck ya all I ain't gotta make you a believer!
When your daughter got a fever and your doctor said she's stressed out,
This is when you noticed somebody getting stressed out.
You know the feeling in the... when you let out,
Years go by, but there's some shit enough to get by.
What you get through,
You reach back and break the niggers out of this... where they sent you.
Maybe I'm just too true,
But I refuse to do things that you do!
I'm a stay in my own lane and you too,
Never let the niggers know more than you know!
Rap this! See my life... you do!
Two... filed up and don't know who's who.
How long mother fuckers, this is...?
Cash... record... used to.
