Young Buck

You niggas never listen  
I'm just sayin' man, get your shit together

I been whippin' in my bitch's kitchen  
We got him for his bag and left with no description  
Run that check up, bitch I told you listen  
Get your racks up ho, why don't you listen?

I got ninety-nine reasons I should leave niggas not breathin'  
Pull up and just leave him, just say fuck my freedom  
I'm trafficking my own sack, tell 'em I don't need 'em  
Bitch I got my own back, I'm bustin' when I see 'em  
Loco with the coco, I'm a dog with the food

But right now I'm in this trap

I been whippin' in my bitch's kitchen  
We got him for his bag and left with no description  
Run that check up, bitch I told you listen  
Get your racks up ho, why don't you listen?  
Push the dope hole I got tunnel vision  
Push your button, bitch it's no ignition
