Watch my uncle drank his life away, he died today

And hey I know a ho gon' be a ho
So every now and then I might make a bitch get it off the flo'
I don't keep up with what I spend, I just know I gotta get some mo'
You know my money sin, so I'm just waiting hoping its gonna show
Round here need keys gotta open up yo door
Gotta look out for the snakes, gotta keep your grass low
They say a man graduated, got his bachelor's degree
But somehow she end up sitting in my passenger seat

This is why ya bitch want a dope boy
A Dope boy, a dope boy (get money nigga)

Come home from work and the cable off
The only answer that you have is that they laid you off
Instead of helping her you hurting her, there's no security
And you can't take how they working her, lil security
Its kinda pulling up on me when I'm in traffic
Don't pay no attention so she reaching out to grab it
I see and hey, she say she tired of living average
And what's the marriage
If her finger don't have no carats
Stingy nigga shawty said you hate to share it
Dressing rooms, shes asking me if she could wear it
I took out them tennis shoes for them Jimmy Choo's
Quit handcuffing hoes and let these bitches choose

This is why ya bitch want a dope boy
A Dope boy, a dope boy (get money nigga)
