

## Kill 2 Birds

Young Buck

Aiyo where my gangstas at nigga?  
All my niggas do one thing bust yo motherfuckin' guns  
Theres a couple niggas out here talkin' shit  
I'm about to kill 2 birds with one stone

I can see you scared homies shakin' in ya TV interviews  
A cold thing what that nigga 50 done did to you  
You desperate  
Searching for a friend a helping hand neglected  
Respected  
Its over the streets don't want ya  
Ya homies done told ya "Ya know you done fucked up don't ya?"  
And we don't give a shit about the niggas you runnin' to  
Probably done told ya what Buck said he 'gon do  
The funny thang its takin' more time than I thought  
Before the Unit catch that ass in New York  
Just when you think the beefs over and ya kick ya feet up  
Them little bitty niggas pop up with heaters  
Some thangs'll never change and war is one of them  
Ya homeboy was strapped but ya died in front of him  
G Unit is the gang 'till I'm dead and gone  
I'm about to kill 2 birds with one stone  
Follow me

See niggas know me  
Niggas know I ain't from New York  
Niggas know I'm Cashville Tenn-a-key  
But niggas know I got a couple of enemies around this motherfucker  
Some niggas know I ain't havin' it some niggas don't  
Alls I'm a say is man Its about to go down

Now let me explain something  
Cause niggas is straight frontin'  
This Shyne nigga really must think its a game or something  
I first heard 50 talking about he would fuck with him  
My homeboy asked Shyne to see what was up with him  
A couple of weeks passed  
I asked  
Him "have you heard from the cat"?  
He said "Nah who knows he might not call back"  
On my way to Jacob bout to pick up my chain  
I hear Shyne on the radio the shit that hes sayin'  
It ain't adding up to what the fuck my ears just heard  
Right before you start talking to Irv  
Before you meet the general you gotta kill the frontline  
Couldn't get rich so you'll probabllly die tryin'  
And I ain't tryin' to body you nigga I'm just revealing the truth  
No matter how many verses you do  
Coward I'm through  
On your release date when you come home  
Shawn he'll probabllly tell ya that Buck killed two birds with one stone

This shit crazy man

You niggas is fuckin' crazy man  
Hide behind these fuckin' TV cameras and radio interviews and shit
