

Lights On

Young Buck

Ayy, hit the lights, nigga

Draco on my lap, I'm just a passenger
Pull up and I just threw every bullet that I have at you
Too many people to just be hoppin' out and grabbin' you
So we just hit the car up and your baby mama mad at you
Scrapin' off palms off a key, you a scavenger
These niggas ain't done nothin' to me, I'm a savage, bruh
Sayin' my name, playin' these gay games and I laugh at you
And I'm just stayin' in this mindframe of a trafficker, yeah

Misdemeanor niggas, I got felonies
I know if you told on him that you can't wait to tell on me
Don't know what you sold to them, you don't know what they sold to me
And truthfully, I got more bands than you will ever see

I just hopped up out the foreign, left the lights on
I just hopped up out the foreign, left my motherfuckin' lights on
I just walked inside this club, they turned the lights on
I just walked inside your club, they turned the motherfuckin' lights on
I got that stick on me, ain't even got no ice on
Bitch, if you play with me then you know that your life's gone
I just hopped up out this foreign, left the lights on
I just hopped up out this foreign, left my motherfuckin' lights on

Heroin in his hand, he got that bag now
Body after body, he refuse to put that flag down
Couple niggas had cheese in these streets, you a rat now
No weapon formed against me shall prosper, that's a fact now
I look at my auntie arms, they both filled up with tracts now
I look at my nephews and they standin' there with packs now
I could've been left you, bitch, I know you just where you at now
These niggas been catchin' all these cases, now they background

All you misdemeanor niggas, I got felonies
I know if you told on him that you can't wait to tell on me
Don't know what you sold to them, you don't know what they sold to me
And truthfully, I got more bands than you will ever see

I just hopped up out the foreign, left the lights on
I just hopped up out the foreign, left my motherfuckin' lights on
I just walked inside this club, they turned the lights on
I just walked inside your club, they turned the motherfuckin' lights on
I got that stick on me, ain't even got no ice on
Bitch, if you play with me then you know that your life's gone
I just hopped up out this foreign, left the lights on
I just hopped up out this foreign, left my motherfuckin' lights on

Fuck all of that chit-chat, where your bitch at?
You ain't gotta kill some niggas, I ain't gotta get back
I just watched a movie, get my popcorn, and I sit back
Instagram your Live 'til we find out where you live at
Take one of my niggas and we take it to the yard
Touch one of my family members, niggas gettin' destroyed
The cartel told me this the shit we can't afford
So we gon' pray for you right now, oh Lord

Misdemeanor niggas, I got felonies
I know if you told on him that you can't wait to tell on me
Don't know what you sold to them, you don't know what they sold to me
And truthfully, I got more bands than you will ever see, nigga
