

(Let the band play)

Tried tellin' them niggas, Fuck it I ain't waitin' on nobody

I'm rollin' through my neighborhood  
Just servin' bricks myself  
(I'm pullin' up for that check nigga)  
I'm servin' it myself  
Niggas say they gon' do it for me but I'm doin' this myself  
(I ain't waitin' on nobody)  
I'm doin' this myself  
(I'm just pourin' up I don't know what this money did doing to me  
I just been buyin' foreign cars and blowin' bands on jewelry)  
And I'm pullin' on with that chopper nigga  
I'm shootin' this myself  
Nothin' gonna stop a nigga  
I'm doin' this myself, nigga

I counted up a nigga life savings in the last past 30 minutes y'all  
Any nigga that was broke with me  
And sellin' dope with me, now we're finna ball  
Can't fuck with you if you thinking small  
I used to say I didn't want it all  
Now I'm try'na load this bitch down  
With a thousand pounds in this U-haul  
I know my bitch probably cheating on me  
I ain't trippin' homie, Where the paper at  
All these hoe niggas just now buyin' bricks  
Bitches too late for that  
Pullin' up on these celebrity hoes  
Like turn up bitch you borin'  
On the red carpet, with a project bitch  
That ain't never fucked in a foreign  
Still postin' up with the young niggas  
While they got the whole clip showin'  
If they double up what I throw em  
I tell 'em young niggas keep goin'  
You know it's always that broke nigga  
Tellin' you how to sell your dope nigga  
I ain't listenin' no nigga  
I'mma sell this work myself

I'm rollin' through my neighborhood  
Just servin' bricks myself  
(I'm pullin' up for that check nigga)  
I'm servin' it myself  
Niggas say they gon' do it for me but I'm doin' this myself  
(I ain't waitin' on nobody)  
I'm doin' this myself  
(I'm just pourin' up I don't know what this money did doing to me  
I just been buyin' foreign cars and blowin' bands on jewelry)  
And I'm pullin' on with that chopper nigga  
I'm shootin' this myself  
Nothin' gonna stop a nigga  
I'm doin' this myself, nigga

The sign is there, It's on you to read it

You can fight the case but what if you don't beat it  
Niggas always offer when you don't need it  
All the shit they said they did you don't see it  
In that dope house you see that sun light  
If you don't do it, the shit won't get right  
All 5 niggas get killed in one night  
I ain't sayin' don't come, Just saying come right  
Two in the face at least two in the dome  
It's always better results when you do it alone  
I'm just thinkin' bout makin' it home  
They either got your prints or got'chu on the phone  
They ain't got shit, Cause they ain't know shit  
And I ain't say shit and I don't show shit  
High as a kite, But I be on some low shit  
T.T.G nigga, Train to go shit  
Credits A1 and I don't owe shit  
'Bout my paper, I ain't with that broke shit  
I just finish it, I don't provoke shit  
Light that weed up, watch that coke flip  
I ain't got nothin' to prove to myself  
Work gotta go, I'ma move it myself  
Even though I got shooters, I'ma shooter myself  
Matter fact fall back, I'mma do it myself

I'm rollin' through my neighborhood  
Just servin' bricks myself  
(I'm pullin' up for that check nigga)  
I'm servin' it myself  
Niggas say they gon' do it for me but I'm doin' this myself  
(I ain't waitin' on nobody)  
I'm doin' this myself  
(I'm just pourin' up I don't know what this money did doing to me  
I just been buyin' foreign cars and blowin' bands on jewelry)  
And I'm pullin' on with that chopper nigga  
I'm shootin' this myself  
Nothin' gonna stop a nigga  
I'm doin' this myself, nigga
