

## Push

Young Buck

Still pushing, I'm really pushing, I'm pushing  
Push the weed, push the molly, push the coke  
Keep pushing, can't stop now I'm pushing  
What we pushing, push the lean, push the beans, cook the dope

Boy I'm running my block, hot I'm cooking them pots (Whip it)  
Operation cannot stop I'm busting at cops  
Ain't nobody gone serve in my spot I got this on lock  
I told my niggas let off some shots if nobody knock  
Everyday we open them shoppers stay on the clock  
The fiends still gone take it whether you waiting or not  
These niggas still gone hate you for whatever that you got  
I say "get your money, whatever you do don't stop"

Still pushing, I'm really pushing, I'm pushing  
Push the weed, push the molly, push the coke  
Keep pushing, can't stop now I'm pushing  
What we pushing, push the lean, push the beans, cook the dope

Push me and I'm a push ya ass back (Push 'em out)  
Push ya ass back (Keep pushing)

Push me and I'm a push ya ass back (Push 'em out)  
Push ya ass back (Keep pushing)

Still pushing, I'm really pushing, I'm pushing  
Push the weed, push the molly, push the coke  
Keep pushing, can't stop now I'm pushing  
What we pushing, push the lean, push the beans, cook the dope

I'm pulling up on all of the thots, stand in the drops  
I'm A town, the birds watch  
I'm hopping out I'm fresh out the lot, niggas look shocked  
I keep my Glock I know that they plot, when you on top (Fuck em)  
When I go in the box it is nothing feeling my slot  
Set me next to Biggie and somewhere between Pac  
I'm bringing something to smoke with me in case the gates lock  
And pray the lord open up the door when I knock

Still pushing, I'm really pushing, I'm pushing  
Push the weed, push the molly, push the coke  
Keep pushing, can't stop now I'm pushing  
What we pushing, push the lean, push the beans, cook the dope

Still pushing, I'm really pushing, I'm pushing  
Push the weed, push the molly, push the coke  
Keep pushing, can't stop now I'm pushing  
What we pushing, push the lean, push the beans, cook the dope

(Pushing, pushing, pushing)
