

Timeout

Young Buck

We don't spend time to talk too much
Shorty don't keep it real no more
But you already know (still my hoe)
She don't come around don't call no more
Even though we don't ball no more (still my hoe)

Your momma never did like me though
Never knew what you liked me for
We fucked good just the night before
I want to stay but I should go
Baby I'm just a drug dealer
I'm a buy you shit and don't come home
I know I cheat but don't get it twisted
This shit real our love strong
Your home girls ain't happy
But they going to act like it but I know the truth
All them bitches been trying to fuck
So don't believe what they told to you
You ain't supposed to wait on me
You know what you're supposed to do
Don't you make me look bad hoe show them what daddy showed to you
She don't fuck with no lames now
She done stepped up her game now
I'm knowing shit ain't the same now
She telling y'all to keep the change now

And you should go and ask your bitch what I'm about
We still fuck around I just called a timeout
Timeout hold up timeout hold up timeout hold up
We just need some timeout hold up timeout hold up
Timeout hold up timeout
I just called a timeout hold up timeout hold up timeout hold up
Timeout (bitches said I'm a make that pussy) (I'm a beat the tushy) (I'm a e
at her tushy)
Shorty want a thug all these bitches know what I'm about
You looking for love and I just want some timeout timeout

Your daddy still fuck with me though
And your big brother still buying bricks
And I'm still giving them deals I can't let you come between them
Baby I'm just a street nigga ain't no guarantee I'm gone be here
So I'm not trying to marry nothing but the money shorty let's be clear
That pussy good I ain't even left the house yet
Hard to leave this bitch alone when that mouth wet
But I'm so focused now all I say is count that
She say she gone leave me
But truthfully I doubt that
She don't ever see me and I don't ever call back
She said the unit back together now you think you all that
You say you don't need me so this time I'm gone fall back
We still fuck around so tell me what you call that
We still fuck around I just called a timeout
Timeout hold up timeout hold up timeout hold up
We just need some timeout hold up timeout hold up
Timeout hold up timeout
I just called a timeout hold up timeout hold up timeout hold up
Timeout (bitches said I'm a make that pussy) (I'm a beat the tushy) (I'm a e

at her tushy)

Shorty want a thug all these bitches know what I'm about
You looking for love and I just want some timeout timeout
