

UnRap

Young Buck

2018 That's a rap, damn
That's that unrap (turn me up bro) 2019
A nigga got alligator skin
Niggas talk about me
Won't talk around me
Duck duck goose playing
My enemies praying they don't get caught around me
Fuck what dude saying
These niggas know they ain't gon' be able to walk around me (they know)
It's the same niggas I done picked up trying to sign me, nah
K-Corta keep me G or quarter pound me
Right back in the same trap with the same strap
Before you found me
I seen a few niggas do a few years, then they just hop out here
He was just home for a few months, then he got knocked this year

That's that unrap
I just unrap
I'm not talking to you niggas
I think your phone tapped
You not sliding with me
Unless you got your own strap
Let's go unrap
I just unrap
If you do it now
They don't know that I done that
You just front that
I come from that
This that unrap
I just unrap
I'm not fucking with you if are not on that

For every liittle Bentley that you go buy
I buy me another bullet
For every little Rolls Royce that you buy
I find me a trigger and pull it
For every little place you try to go hide
I just keep digging through it
I'm standing outside these nigga's labels now with lighter fluid
Instead of them twitter fingers, I'm letting my rifle do it
Anybody get hit, I got too much hate to cipher through it
Old niggas getting desperate now, and the young niggas get rich
But they ain't got anywhere to invest it now
Cause these old niggas done snitched
And these old hoes just stressing now
Cause he chasing that young bitch
And these young hoes won't listen to these old bitches for shit
I got a little Pac in my convo now, a knife in my Bronco now
Burn ya like Chaco now, cut out your tonsils now
Fuck you and your big homie, oh you need some sponsors now?
I stand on anything that I done let's be honest now
Barrel to your temple and I fuck with your conscious now
I heard what you said Murda, I'm being modest now

That's that unrap
I just unrap
I'm not talking to you niggas

I think your phone tapped
You not sliding with me
Unless you got your own strap
Let's go unrap
I just unrap
If you do it now
They don't know that I done that
You just front that
I come from that
This that unrap
I just unrap
I'm not fucking with you if are not on that
