Day turns to night as the rain pours  
Wet streets still imma do what I came for  
Black skies got the ghetto inside  
All the hustlers that was tired waitin on the sunrise  
Right back before all the mud dries  
This is what happens when a thug cries  
Im everywhere like a crip with blood ties  
My n\*\*\*\*\*s like buck let one of us drive  
They know im gon be doin a buck fire  
Brand new rims plus tires  
Even if the storm don't stop when it does get high

Make the front end hop  
Hit the block when the rain stops  
Im dope ridin I cant stop  
Sittin high no lie just watch  
When the rain stops  
We trappin over here round the clock  
Got the block on lock  
It don't matter if the rain stops  
Now make it rain  
Make it rain
