Young Dolph

Real niggas make the world go around  
Real niggas make the world go around  
Real niggas make the world go around  
I said real niggas make the world go around

Welcome to the world of a dope boy  
Grew up in the hood where my role model was the dope man  
Lil bad muthafucka, 9 years old smokin  
19 I wanted a plug, said fuck it, flew to Oakland  
Now I'm gettin' money with my West Coast homies  
Servin P's of strong with the FN on me  
Ay while you layed up with that freak  
I'm out here in these streets  
From South Memphis all the way up to South East DC  
They say real niggas make the world go around  
Might pull up on you and front you 100 pound  
Swervin' in that foreign, almost lose control  
Fuckin' with the plug got me outta control

Real niggas make the world go around  
Real niggas make the world go around  
Real niggas make the world go around  
Real niggas make the world go around

I walk up in the spot just like a trap nigga  
Young Jefe I'm different than these rap niggas  
Facts, nigga, neva piggy back niggas  
If you don't keep ya strap, ya might get jacked nigga  
Shout out to Paper Route, shout out to South Memphis  
Fake nigga, sit yo ass in detention  
Every time you see me bitch, I got my extension  
This pussy nigga just want my attention  
I remember I couldn't get an ounce  
I just moved my momma in a bigger house  
Bigger choppas under the bigger couch  
I got bigger birds for a big amount

Real niggas make the world go around  
Real niggas make the world go around  
Real niggas make the world go around  
Real niggas make the world go around
