

# Trappa

## Young Dolph

Shit right here for trappers only  
Bad bitches only, haha  
It's Dolph

I can't deny it, I'm a straight trapper  
You should come fuck with me  
I got them whole things goin' for the cheap  
And I keep a bad bitch on her knees  
I can't deny it, I love the way she ride it  
But I like her better on her knees  
All this motherfuckin' ice on me  
The only thing I love is my drank and weed

I've been gettin' money, ain't been gettin' no sleep  
I've been playin' with paper I let you play with on freaks  
I'm in Magic City with ones piled up under my feet  
10 foreigners outside, bitch I feel like Big Meech  
Ask about me where I'm from I keep some shit up my sleeve  
Bitch I had 100g's before I had an ID  
Nothin' but real niggas and thick pretty bitches around me  
Me and my boys don't play that  
Ridin' back seat of the Maybach  
Me and Benjamin Franklin go way back  
I know you ain't real because you say you real way too many motherfuckin' times  
I know you his baby girl, I know you his, but tonight you mine  
Kidnapped your bitch for the day and turned her into Valentines  
Fuckin' wrist so iced out I can't tell the time

I can't deny it, I'm a straight trapper  
You should come fuck with me  
I got them whole things goin' for the cheap  
And I keep a bad bitch on her knees  
I can't deny it, I love the way she ride it  
But I like her better on her knees  
All this motherfuckin' ice on me  
The only thing I love is my drank and weed

She love when I pull her hair and hit it from the back  
I said "is it me or is that booty gettin' fat?"  
This blunt that I just rolled up look like a baseball bat  
Who is this lil nigga stylist? Man check out his swag  
I went to my plug house, I didn't go to class  
Gave my principal 30, 000 dollars just to pass (Dolph)  
Young nigga with the badge  
Give a junkie 100 just to go take out the trash  
Give a bitch 1000 just to shut the fuck up  
Rolls Royce sittin' up like a monster truck  
Dolph runnin' shit, you can be the runner up  
Put 150k on my wrist  
I put Dolce and Gabbana on my bitch, uh

I can't deny it, I'm a straight trapper  
You should come fuck with me  
I got them whole things goin' for the cheap  
And I keep a bad bitch on her knees  
I can't deny it, I love the way she ride it

But I like her better on her knees  
All this motherfuckin' ice on me  
The only thing I love is my drank and weed
