It's getting hotter under covers  
It's the way her body moves  
I'm seeing colors, I'm seeing colors  
It's the way her body moves

Ooh, ooh  
It's the way her body moves  
Ooh, ooh  
It's the way her body moves  
Ooh

Whoa  
Whoa  
Whoa  
Whoa

We climb the mountain (whoa)  
Don't grow cold (whoa)  
We climb the mountain (whoa)  
Don't grow cold (whoa)

To my lovers, to my friends  
We keep on fighting to the end  
To my lovers, to my friends  
We keep on fighting to the end

Ooh, ooh  
It's the way her body moves  
Ooh, ooh  
It's the way her body moves

I hear her calling from a mountain  
It's the way her body moves  
Ooh, ooh  
It's the way her body moves  
Ooh

Whoa  
Whoa  
Whoa  
Whoa

We climb the mountain (whoa)  
Don't grow cold (whoa)  
We climb the mountain (whoa)  
Don't grow cold (whoa)

Whoa  
Whoa  
Whoa  
Whoa

Whoa  
Whoa  
Whoa  
Whoa

We climb the mountain (whoa)  
Don't grow cold (whoa)  
We climb the mountain (whoa)  
Don't grow cold (whoa)
