

Almighty Black Dollar

Young Jeezy

Yeah

(J.U.S.T.I.C.E. League)

All this Fendi and Gucci is goofy
LV canceled, you tell them to sue me
Rolex AP ain't shit, y'all follow
Need that, need us, Almighty Black Dollar
Fuck them bottles, ain't Puff's, it ain't Jay's
Ciroc, D'usse, Bel Air, let's get paid
Rolls Royce, Bentley ain't shit, y'all follow
Need that, need us, Almighty Black Dollar

Gucci don't like black people in Boosie Badazz voice
Every young ghetto nigga dream, brand new black Rolls Royce
Babymama live in them projects, baby wearing brand new shoes
Still tryna find his way, Daddy ain't leave no clues
Dog still doing that time, then say, "Fuck them feds"
Nigga gon' get this lead or he gon' give me my bread
I ain't really got no credit but a nigga keep that cash
Talking pre Covid-19, young nigga kept that mask
Designer, designer, I can't even spell it
Went broke just to wear it, you can't even tell it
Jesus piece, I ain't pray one time today
But fuck it, I'm balling, what else can I say?

All this Fendi and Gucci is goofy
LV canceled, you tell them to sue me
Rolex AP ain't shit, y'all follow
Need that, need us, Almighty Black Dollar
Fuck them bottles, ain't Puff's, it ain't Jay's
Ciroc, D'usse, Bel Air, let's get paid
Rolls Royce, Bentley ain't shit, y'all follow
Need that, need us, Almighty Black Dollar

All I wanna do is see the real niggas be rewarded
Fuck a bag, go and buy a whole city for my daughter
Big homie 65 still doing time, that's in the feds
What's the use of climbing to the mountaintop if you're living on the ledge?
Shot the homie in the stomach now he walking around with shit bag
Burnt down Black Wall Street now it's time for the get back
Violate a young nigga probation for a piss test
Got a hug from my momma, whispered in my ear, "We gon' beat this"
War ready
Black Power
Financial Freedom
The Black dollar
Slave labor
No love
Back to business, pay what you owe us

All this Fendi and Gucci is goofy
LV canceled, you tell them to sue me
Rolex AP ain't shit, y'all follow
Need that, need us, Almighty Black Dollar
Fuck them bottles, ain't Puff's, it ain't Jay's
