Used to hide it in a bag, now it's escrow
We ain't playing with the niggas or these bitches

Lot of partners in the feds and the rest died
And I'm represent them when I'm outside

When you see me out in my ride

Classified, yea them trap files G4
G money, but I'm more like Nino
Had the feds looking for me like Nemo
Bet that duffel bag weigh ten kilos

I'm the king of this shit, Mufasa
Might fly to Tuscany and do pasta
Said a nigga made, who? Y'all crazy

You know I paid a quarter once for the cut
Then one day you wake up and running this shit
20 years and you show up in a tux

Bitch please don't kill my vibe
Let's say the boy got nine lives
All this shit that you're doing and you saying in the dark
I'm surprised you got your face outside

One word describe me nigga raw
O so hard they'll break a nigga jaw

And the spot so hot on the first and the third
Shit was on and I still got it off

Little baking soda on it, that's sauce
Had a 305 plug, ask Ross
Everything you heard about me, that's false
Can't confirm or deny, that's boss

I said I don't look like what I've been through
I can't go for that like you want me to
Y'all do anything
Yeah, yeah, yeah

I can't go for that like you want me to
Y'all say anything
