They ask about me, I'm good, matter of fact, I'm great
I'm smoking sticks at the pool, Big O just whipped up some steaks
Frank Ski just opened the bottle, maybe I call me a model
I used to hustle in Macon, I'm deep sea fishing tomorrow

Them D4's is Cuban, I guess the pack is a Castro
Y'all can all thank me later, I know this more than you ask for
I do this shit for my kids, I do this shit for my soul
You ain't tricking me out my spot, 'cause that was never the goal

Gold mouth right here, that nigga on margaritas
I owe that nigga for life, I might just give him a visa
That fake one just mad I wouldn't support his lil feature
My main just said you a fan, it was my pleasure to meet you

I know you already knew, it be the nigga you know
They call me strapped up shawty, I guess that nigga was slow
But I'm all off that, I gotta go, gotta go
By the time you hear this, I'm getting more money mo

Don't talk 'bout hate 'cause I get plenty
Bad lil RiRi, she wear Fenty
I like to boss up, nigga, please don't tempt me
Tonight I'm Bruce Wayne, nigga, Snowman sent me

Don't talk 'bout hate 'cause I get plenty
Bad lil RiRi, she wear Fenty

Tell me the difference of John Gotti and Al Capone
JWJ and I did it a bit with them zones
No Vlad, no Jumper, stay the fuck up off them phones
Stay the fuck from over there, them people got them drones

Welcome home, young Lucci, fuck a Rico
Yeah, where I'm staying all glass, fuck a peephole
I ain't never been to hell, I ain't never been to college
Graduate from the streets, just know you leaving with some knowledge

I can eyeball this shit, don't need a ruler
Studied on Madden Ave, didn't need a tutor
New Snowman shit, hallelujah

Play with my family, my money, I'm the shooter

I know you already knew, it be the nigga you know
And I ain't stopping for shit, I guess that nigga was slow
But I'm all off that, gotta go, gotta go
By the time you hear this, getting more money mo

Don't talk 'bout hate 'cause I get plenty
Bad lil RiRi, she wear Fenty
