Kellogg's on the scale, turnt the clientele
We talking blowing money fast, I live to tell the tale
Sold my Chevy, pulled up in that 9 11

All white, tan, Amber Rose
I'm talking 36's white as Russel [?]
Water whipping, bag it, flip it
If you can pull up, get em 9, that'd be terrific

I'm bringing everything back
Flew out of town, stole the pack
I pray to god it make it back
I'm bring everything back
Sold it all then doubled back
And spend it on another sack

Fuck bitches, get money
Stay away from all the rats

Pumping all this weight got me copping coupes back to back

Pull up at the crib, welcome to the gangster party
Nothing in my driveway but Porsches, Benzes and Ferraris
They talk it, I live it, they rap it, I did it
I wrapped it and shipped it, ran up a half a ticket
Bought it in Compton and sold that shit in South Memphis
Hit my first lick and moved mama out the hood
Son's trap booming hard so mama living good
