

Push start, no keys
Fuck it up, then I leave
White Bent', big B's
Fuck it up, then we leave
Big dog, no fleas
Fuck it up, then I leave
Hundred bottles, bitch please
Fuck it up, then we leave

This for my dead homies, this for the tenderonis
I bought a pink pelican, I'm feeling like I'm Tony
I sold my other mansion and bought another mansion
Call me Quavo big brother, bitch I'm rich and I'm handsome
The 'Rari out front, and that bitch gettin' bossed-up
Machiavelli on your hoe, yeah that bitch gettin' tossed up
Used to cut them pancakes, hide 'em in my cornflakes
Hit it with that razor, get it naked like a porn tape
I stay up out the way because the motherfucker's envy
I'm stackin', I ain't spendin', my own banker call me stingy
Click-clock, drop top, Richard Muller wristwatch
Real Swiss movement, nigga miss me with that tick-tock

Push start, no keys
Fuck it up, then I leave
White Bent', big B's
Fuck it up, then we leave
Big dog, no fleas
Fuck it up, then I leave
Hundred bottles, bitch please
Fuck it up, then we leave

All white suit, bitch, nigga I ain't stuntin'
Got the spaceship coupe, nigga cost me four hundred
I'm a real boss, land a helicopter at the crib
Catch a bitch slippin', I'ma put it in her ribs
Got these young hoes looking, but I'm a grown man
If you over 21, shit, take a couple grand
Shit, I really got a plane, we can fly to Japan
In the club with my niggas, drinkin' sugar skull liquor
Pour a lil' out for my niggas ain't with us
Pull up in them cars, and them toys go with us
Pull up in them cars, and them girls gone with us
Ball 'til we fall, tell the feds, "Free my niggas"

Push start, no keys
Fuck it up, then I leave
White Bent', big B's
Fuck it up, then we leave
Big dog, no fleas
Fuck it up, then I leave
Hundred bottles, bitch please
Fuck it up, then we leave
