

# Pipe It Up

Young Jeezy

Yea, Propane, What's happenin nigga  
Church In the streets  
They better tighten up nigga  
I stay piped up

Pipe it up [x7]  
I walk in the club just to pipe it up  
I stand on the stage and I pipe it up  
Get a regular hoe tell her pipe it up  
Go buy a bando then I pipe it up

Look, pipe that bitch up  
Them bottles they light up my section  
Just look at these haters, what they doin'?  
They looking off in my direction  
Moving my hood bitch I've been a boss  
Weigh up the 9, said Aninia Ross  
Buss it up, cook it up, get it off  
What you do with the rest  
That's so and salt  
They play with the sack  
They gon'get the pipe  
Then they gon pull up and hit the lights  
Hop out that bitch like I'm doughboy  
125, that's a 4 boy  
You piped up, then I piped her down  
I'm a lil wet, she gon wipe me down  
Balling like Birde and  
I rolled down the top like sun slip  
I made the team nigga fuck the coach  
Them niggas you made man you hate the most  
Jack got em in, they fresh off the boat  
2 of them bitches and bought a rope  
Bentley GT doing drivebys  
Pocket G4 doing flybys  
Church in these streets  
Ya'll best tighten up  
How much you drop when you pipe it up?
