

Street Cred

Young Jeezy

Nigga we started this shit on boulevard
Now they talkin' bout our shit on Pennsylvania avenue
Nigga every street in America know who we are

Came from in the mix with thirty-six
Pockets full with dirty kicks
Weighing up them ounces and I swear we had like thirty sticks
Diamond in the rough yeah you see that boy done glowed up
They said you lost yo street cred you told them pussies so what

Came from in the mix with thirty-six
Pockets full with dirty kicks
Weighing up them ounces and I swear we had like thirty sticks
Diamond in the rough yeah you see that boy done glowed up
They said you lost yo street cred you told them pussies so what

Still smelling like a whole thing dripped in these designer suits
Keep my foot on niggas necks while wearing these designer boots
Can from being ashy but now I'm just a classy nigga
You ain't got to ask me yeah you know that I'm a nasty nigga
Address me with some respect you talk to a exec
Dap it with so cool water I just done a temp check
What you niggas expect ten years the same nigga
Waste a whole decade and that a be a shame nigga

I ain't get these mansions with street cred
Get that Rolls Royce with no street cred
Rarri with the horse with no street cred
9/11 Porshe with no street cred
Can't pay my family bills with no street cred
Can't feed my family meals with no street cred
Spend summers in the grill with no street cred
Close million dollar deals with no street cred

I ain't trippin on no bullshit I'm tryna get this jet
For you niggas on the bullshit I'm tryna hide this Tech
Fuck you niggas talkin' to I'm a water whippin' vet
Mister when they lockin' up I just make them bitches stretch
Talkin' presidential shit I got Biden on the text
Fuckin' with a made man I don't even wear a vest
When them boys was playin games I was busy playing chess
Real and I'm self made, yeah I'm what you call a threat

Yeah they big mad but I'm happy nigga
And you don't want these problems lil scrappy nigga
Buyin' that Rolex twice going tall on 'em
Ain't no going back and forth just ball on 'em

I ain't get these mansions with street cred
Get that Rolls Royce with no street cred
Rarri with the horse with no street cred
9/11 Porshe with no street cred
Can't pay my family bills with no street cred
Can't feed my family meals with no street cred
Spend summers in the grill with no street cred
Close million dollar deals with no street cred

When it comes to us, our street cred got equity
We can borrow from it at anytime
