

# This Is It

Young Jeezy

This is it, it's a hit  
This is it my nigga, this is it  
Hit a lick, half a brick  
Then I came right back poppin' shit  
This is it, it's a hit  
This is it my nigga this is it  
Hit a lick, half a brick  
Then I came right back talkin' shit

2 chains on me, I ain't tity tho  
Few niggas poppin, still my city though  
And these new niggas? Yeah, they just new niggas  
Snow work, I'm after them, some more new niggas  
The champ here, yeah you niggas gon' fall back  
Funny dressing ass nigga, where you sold crack?  
[?], that's just a mystery  
Bought my first 8-ball, the rest was history  
Shit, hid it in the freezer, yeah that cold money  
Rappin' ass nigga flexin' show money  
Bentley with the frogeye, got it out the mud  
.40 with the red beam, brought it in the club

This is it, it's a hit  
This is it my nigga, this is it  
Hit a lick, half a brick  
Then I came right back poppin' shit  
This is it, it's a hit  
This is it my nigga this is it  
Hit a lick, half a brick  
Then I came right back talkin' shit

Look, 2017 they internet felons  
Lot of dry snitchin', internet tellin'  
Imaginary life, imaginary balls  
They talkin' war wounds, imagine their scars  
We call 'em clown niggas, wanna beat down niggas  
Light skin and that, wanna beat brown niggas  
Stay ridin' with that shit that push your face back  
Have your homeboys askin' where your face at  
And these rap niggas? Yeah they just rap niggas  
And when it's all over, they be rap niggas  
Bentley with the frogeye, got it out the mud  
.40 with the red beam, brought it in the club

This is it, it's a hit  
This is it my nigga, this is it  
Hit a lick, half a brick  
Then I came right back poppin' shit  
This is it, it's a hit  
This is it my nigga this is it  
Hit a lick, half a brick  
Then I came right back talkin' shit
