

Trust No One

Young Jeezy

Yeah
Yeah

Friday night I'm on poplar street posted on the block
Hustlin' on an empty stomach, in my pocket, got a knot
Quarter in the bushes, eight ball in my socks
First I heard a boom, then I heard a pop

That's how niggas get killed, nigga, I ain't trustin' no one
36 for 24, them 9s is for the 41
And if a nigga want a split, I slice it like the shogun
Nigga bought a O, I front an O and now he owe one

Marcus Clemons told me, "Don't take no shit from no one"
Now I'm on my way to middle school and I forgot my ruler
He was arguin' with a junkie, two shots in the medulla
Now I'm gettin' off the school bus, my homie just got murdered
And I just wanna go to Dairy Queen and get a burger
I know what you thinkin', my heart colder than a blizzard
And now I'm makin' rocks disappear just like a wizard
That's when I dropped that box green Chevy, call it lizard

Now I'm in the mac with my home girl let's call her "Peaches"
Them bricks was for the 28, back then I called em' "features"
Now she vouchin' for her baby daddy
Let's just call him J3
I was chillin' on auntie front porch, me and J Leach
She said, "Shit rough right now, he need a four way"
My conscious tellin' me I shouldn't trust that niggas no way
Gangster Kell hit my line, he said he need a H-town
Last thing I heard, he went to get some weed in H-Town
Didn't go how he planned it, yeah, them Ese's must've played him
Contemplatin' robbin' me, he thinkin my bread gon' save him
Met him on the east side, he flexed me with some singles
Big bills on the outside, you know just like some Pringles
Cut him off in traffic then he jumped off on the highway
Sent a couple shots before he tried to send some my way
Rather be on white sand beaches bumpin' Sade
Or at the St. Regis Bal Harbour in the Lobby

That's how niggas get killed, nigga, I ain't trustin' no one
36 for 24, them 9s is for the 41
And if a nigga want a split, I slice it like the shogun
Nigga bought a O, I front an O and now he owe one
